Takanori Horibe, Maho Makita

[Methyl jasmonate treatment delays flower opening and petal wilting of three cut rose cultivars](#)

Thangavelu Muthukumar, Arumugam Prabhu

[Influence of an arbuscular mycorrhizal fungus and phosphate-solubilizing bacterium inoculation at stem cutting stage on P uptake and growth of *Impatiens walleriana* plants in an unsterile field soil](#)

Nooshin Kazemi, Maryam Jafarkhani Kermani, Ali Akbar Habashi

[Sodium nitroprusside stimulates micropropagation and TDZ induces adventitious shoots regeneration in red flesh apple *Malus niedzwetzkyana* Dieck ex Koehne](#)

Augustyn Mika, Zbigniew Buler, Katarzyna Wójcik, Dorota Konopacka

[Influence of the plastic cover on the protection of sweet cherry fruit against cracking, on the microclimate under cover and fruit quality](#)

Farid Moradinezhad, Mehdi Ghesmati, Mehdi Khayyat

[Postharvest calcium salt treatment of fresh jujube fruit and its effects on biochemical characteristics and quality after cold storage](#)

Mohammad Reza Safizadeh

[The effect of various film packaging, wax coating and storage conditions on the shelf life and quality of pomegranate fruits](#)

Anna Skorupińska, Dorota E. Kruczyńska, Dorota Konopacka, Urszula Kaczmarek, Krzysztof P. Rutkowski, Zbigniew B. Józwiak

[Fruit quality and storability of some Asian pear cultivars collected in the gene bank of the Research Institute of Horticulture, Central Poland](#)

Endang Warsiki, Fenny Aprilliani, Ade Iskandar

[The effects of the use of corrugated cardboards covered with ethylene absorbers on mango fruit quality after short-term storage \(*Mangifera indica* L.\)](#)

Wioletta Wróblewska, Joanna Pawlak, Dariusz Paszko

[Economic aspects in the raspberry production on the example of farms from Poland, Serbia and Ukraine](#)

Mohammad Chozin, Sigit Sudjarmiko

[Combining ability analysis of ear characteristics of sweet corn hybrids suitable for organic crop production](#)

Jaber Panahandeh, Nasrin Farhadi

[Haploid induction via in vitro gynogenesis in Persian shallot \(*Allium hirtifolium*\)](#)

Kalina Sikorska-Zimny, Karolina Wójcicka, Anita Rochmińska, Krzysztof P. Rutkowski, Eligia M. Szewczyk, Paweł Lisiecki

[The effect of fragmentation and packaging of dried parsley leaves on selected chemical and microbiological parameters](#)

Edris Shabani, Sahebal Bolandnazar, Seyed Jalal Tabatabaei

[Magnetized phosphorus solution and mycorrhization with *Diversispora versiformis* affect P use efficiency, growth and photosynthetic parameters in sweet basil \(*Ocimum basilicum*\)](#)

Justyna I. Szwejda-Grzybowska, Anna Wrzodak, Maria Grzegorzewska, Marek Gajewski, Ryszard Kosson

[Influence of tap and hot water treatment before short-term storage on biologically active compounds and sensory quality of wild rocket leaves \(*Diplotaxis tenuifolia* L.\)](#)
